Rate Filing Justification Part II (Plain Language Summary)

Pursuant to 45 CFR 154.215, health insurance issuers are required to file Rate Filing Justifications. Part II of the Rate Filing Justification for rate increases and new submissions must contain a written description that includes a simple and brief narrative describing the data and assumptions that were used to develop the proposed rates. The Part II template below must be filled out and uploaded as an Adobe PDF file under the Consumer Disclosure Form section of the Supporting Documentation tab.

Name of Company UnitedHealthcare of the Mid-Atlantic, Inc.

SERFF tracking number UHLC-132814696

Submission Date May 17, 2021

Product Name Medical and Prescription Drug Insurance

Market Type ☐ Individual ☒ Small Group

Rate Filing Type ☒ Rate Increase ☐ New Filing

Scope and Range of the Increase:

The 24.7% increase is requested because:

The biggest driver of our rate increase are trend, larger plan changes on the particular plans covered by the UHCMA license, and a smoothing of the 2021 rate cut (was much larger for UHCMA vs UHIC and OCI).

This filing will impact:

of policyholder's 263

of covered lives 731

The average, minimum and maximum rate changes increases are:

- Average Rate Change: The average premium change, by percentage, across all policy holders if the filing is approved 24.7%
- Minimum Rate Change: The smallest premium increase (or largest decrease), by percentage, that any one policy holder would experience if the filing is approved 23.3%
- Maximum Rate Change: The largest premium increase, by percentage, that any one policy holder would experience if the filing is approved 27.3%

Individuals within the group may vary from the aggregate of the above increase components as a result of:

The group's rate is based on the benefit plan selected and the attained ages of the members at the beginning of the policy period.

Financial Experience of Product

The overall financial experience of the product includes:

Membership steady. BCR high due to large rate cuts for 2021, partially offset due to suppressed claim levels due to COVID.

The rate increase will affect the projected financial experience of the product by:

The projected loss ratio using the Federal prescribed MLR methodology is 82.8%
